

## SPECIFICATION

### DCBS (DZ) N,N'-Dicyclohexyl-2-benzothiazole sulfonamide

NAME OF INDEX	FIRST GRADE
Appearance	Light yellow or brown yellow powder
Melting point, ° C, min	98.0
Heating loss, %, max	0.40
Ash content, %, max	0.30
Free MBTS, %,max	0.50

#### APPLICATION

The product possess the best scorching quality of sulfonamide type accelerators. Its scorching quality in natural rubber is better than DIBS, the operating safety is much better. Mainly used in manufacture of tires, rubber belts and shock absorber.

#### PACKAGE

In knitted bag lined with plastic bag or kraft paper bag. 25kgs/ bag or at buyer's request.
